To whom it may concern,

I am writing a letter to inform you of the skills and talents Kelly Carter provides as a nanny or babysitter. Kelly worked for me as a full-time nanny for my 3 children, in addition to caring for my children, Kelly prepared meals and did basic cleaning. She was always on time and able to be flexible when needed. Kelly worked for us for over a year and only changed when we were no longer in need of fulltime care.

Kelly transported my children in her vehicle with car seats and I always felt safe. She took them to and from activities such as preschool, swimming lessons, gymnastics, museums, playgrounds and more. Other parents and teachers made an effort to contact me regarding Kelly. They would tell me that she was always on time and was great with the children.

In the time we had Kelly, she made a huge impact on my children and our family. To this day, my children still ask after Kelly, she made a real connection with them. After having such a positive experience with Kelly, I give her my highest recommendation for any position working with children.

Please contact me if you have further questions.

Thank you,
